Pitch Perfect is an Erasmus+ project, Small-Scale Partnerships and in the Adult Education sector, which promotes creative resources, familiarization courses, and non-professional education on the topic of LGBTIQ+ inclusion, focusing on language, communication, and playful, informal approaches. Pitch Perfect was aimed primarily at counselors and psychologists, but also tutors, youth workers, and social workers, in Italy and the Netherlands, with the ambition of also involving many other beneficiaries, from a European perspective.

Pitch Perfect was born from two objectives: the first was to provide counselors, psychologists, as well as those involved in education, orientation, tutoring, and educational facilitation, with non-professional skills—real soft skills—on the topic of LGBTIQ+ inclusion, working primarily, as mentioned earlier, on a specific segment: language and communication of all kinds. The second objective was to develop new creative tools, combined with non-formal learning methodologies and a culture of play and creativity, familiarizing counselors and tutors with this type of "playful" approach, which is very useful for easily making their workplace more LGBTIQ+-inclusive, as well as their listening, facilitation, and orientation practices with users and clients, both LGBTIQ+ and non-LGBTIQ+.
